# How to Create an EA online account from within the game - PlayStation®3 computer entertainment system:

When you first boot the game you will automatically be prompted to create or login to an existing EA online account. However, if you had chosen not to do so at the time, this is how you can create one.

1. On the Main Menu, press the △ button to 'Sign In to Dragon Age Servers'.

2. At the Login screen, press the □ button to 'Create Account'. This will create your EA online account which allows you to redeem codes as well as participate in the Dragon Age community site.

3. At the Terms of Service screen for the EA online account, press ⊗ to accept the EA Terms & Conditions.

4. At the Create Account screen,
   a. Use the ✛ or Ⓛ Up/Down and press ⊗ button on the E-mail address field.
   b. At the on-screen keyboard, enter your account's email address.
   c. Repeat the process to enter your Password, and again at the Confirm password field.
   d. Press △ to Create Account.

5. At the next screen confirm whether you would like to receive news and product information from BioWare or EA.

6. After successfully completing the account creation process you will automatically be logged into the Dragon Age Servers and be returned to the Main Menu.
